FAQ #	Question	Answer
1.	Is accommodation provided?	No.
2.	When will the teams receive their invitation letter?	Invitation letter together with distribution list have been uploaded in the Robocon Malaysia official website.
3.	Will rings be provided for training purposes?	Due to pending purchasing approval and time constraint (up to this date), we are sorry to inform that we will not be able to provide the teams with any rings for training purposes. Instead, we recommend the teams to purchase and self-construct the rings for training purposes. The purchasing details and the instructions on how to construct the rings are given on the website under tab GAMES > GAME FIELD & EQUIPMENT SPECIFICATIONS > STEPS TO CONSTRUCT RINGS. We truly apologise for any inconveniences this may have caused.

4.	Is the pole provided for training purpose?	No.
5.	When will the Robocon Malaysia will sell the rings?	We do not sell the rings.
6.	Registration will be open for about 1 month but when will the invitation letter be issued?	Invitation letters have been uploaded on the website.
7.	If we register 20 students, will all of them get certificate?	Yes. All registered students are allowed to get the certificate.
8.	If there is a university sending two teams and both teams are from different campus which are far apart, will they still get 1 set of rings or different sets of rings?	Due to pending purchasing approval and time constraint (up to this date), we are sorry to inform that we will not be able to provide the teams with any rings for training purposes. Instead, we recommend the teams to purchase and self-construct the rings for training purposes. The purchasing details and the instructions on how to construct the rings are given on the website under tab GAMES > GAME FIELD & EQUIPMENT SPECIFICATIONS > STEPS TO CONSTRUCT RINGS. We truly apologise for any inconveniences this may have caused.
